Really missed having you
around the whole year. But
I was really glad to see
that you did make it back.
I'd still like to see you
out on the field in soccer.
Think about it. Remember that
if there is anything I can
do for you - say so. Please
keep in touch and keep in
mind that there's always one
who believes in you & thinks
well of you. You've been a
good person to know, a good
man all-around. Good luck!

New Superintendent New Policies

Richard Jacobsen began his career in the Colton school district as a sixth grade teacher at Grant and Paul J. Rogers Elementary schools. After eight years of teaching, he was appointed Director of Business services for the district.

Jacobsen earned a bachelor of science degree in business administration at the University of Oklahoma. He completed his masters at the University of Redlands.

Jacobsen had four major goals in mind when he assumed office. Teaching instruction was one of the many areas Jacobsen tried to improve. By installing a staff development center, he hopes the teaching level will rise. The center provides refresher courses in teaching, suggests one of twenty-two ways of teaching, and allows self comparison.

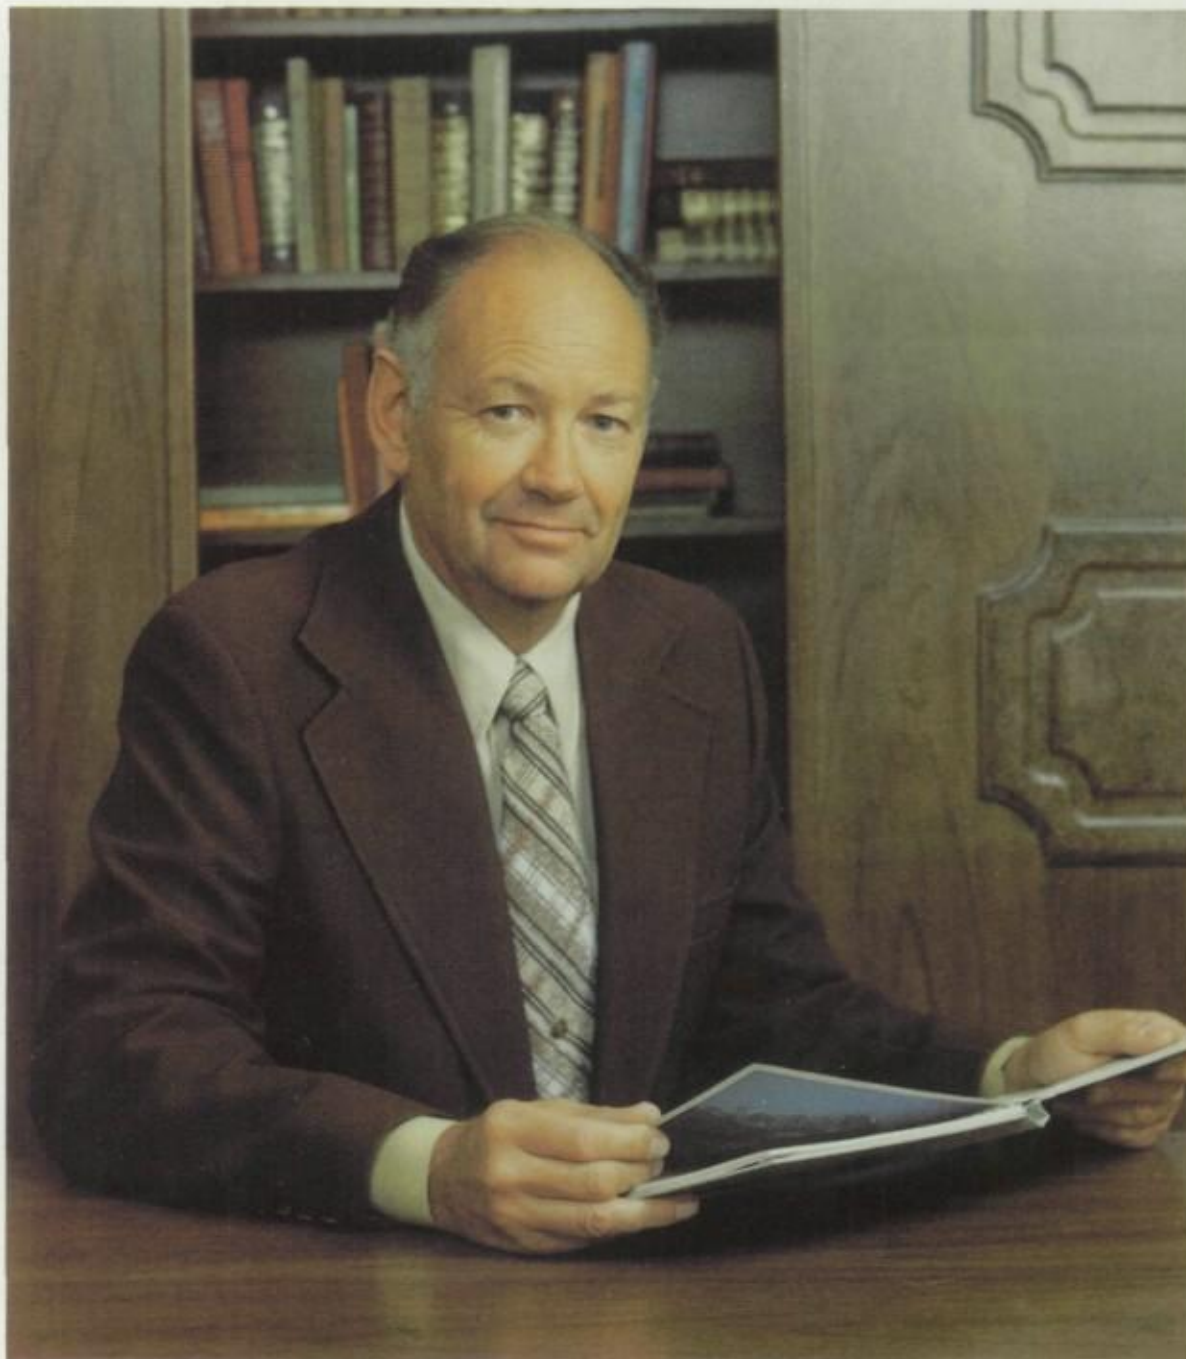

Student education is also an area that has been improved. A civics exam has been added to the competency test list along with reading, writing, and arithmetic. The adding of another semester of math to the graduation requirements was developed to give students a refresher course in practical math.

Student discipline has always been a problem. Now, along with the School Improvement Plan, Jacobsen hopes to develop future programs that are more effective.

Energy conservation was also a goal he wished to improve. Jacobsen feels conserving energy will save money for the district.

Jacobsen has been superintendent for a year and already accomplished many of his goals.

Working with the Board of Education, Jacobsen plans to continue working harder towards better education.

HOMECOMING

"Once upon a time . . ." the theme for the 1982 football homecoming. Nothing could have put a damper on the festivities even though it rained during the parade.

The Yellowjackets beat the Pacific Pirates 42-0. During halftime Peggy Hoy was crowned the 1982 Homecoming Queen by last years queen, Connie Sosa. Rhonda Smith was crowned Cross Country Queen. Filling the rest of the court were princesses Dee Dee Colunga, Teppy Wigington, Benilda Luna, and Laura Zendejas.

Building floats is a treat and hard work for the students. Three trophies were awarded. The Sophomore class captured the sweepstakes award and the Drama club won best club float. The Junior class captured the class award.

ICC President Liz Barron and ASB President Marc Burdell along with the administration worked with the students in bringing homecoming alive. Activities for homecoming week included a tricycle grand prix, slave auction and various dress-up days, etc.

C.H.S. Captures C.B.L. Title

After a repeat of last years start the Colton Varsity Football Team swept the Citrus Belt League title once again and entered the first round of the C.I.F. playoffs with an 8/1 record overall. After crushing Millikan of Long Beach, in fine Colton fashion they advanced to the second round, were they where they were pitted against the powerful Edison team of Huntington Beach . . . In what was to be an exciting and hard hitting game, to the delight of over 9500 boisterous and excited fans, both teams matched strengths for most of the evening, but when the gun sounded to end the game the scoreboard showed Edison a one point winner.

Volleyball Gains C.B.L. Title

Hard work and spirit send team to C.I.F., a 20-3 season and a 16 game winning streak. Coached by Leslye Williams and assistant coach Howard Wallace the girls captured the C.B.L. title and a spot in the C.I.F. playoffs. The players who led the team to the playoffs were most valuable player Ronda Fletcher, most spirited Joi Carvalho, most improved Natalie Bar-rad, and coaches award Vicky Bustamonte, plus all girls were all league first team. This year awards were given to the J.V. most valuable player Rebeka Roberts, most spirited Jennie Bustamonte, most improved Liz Rodriguez, and coaches award to Terry Alaiz.

New Coach And Success

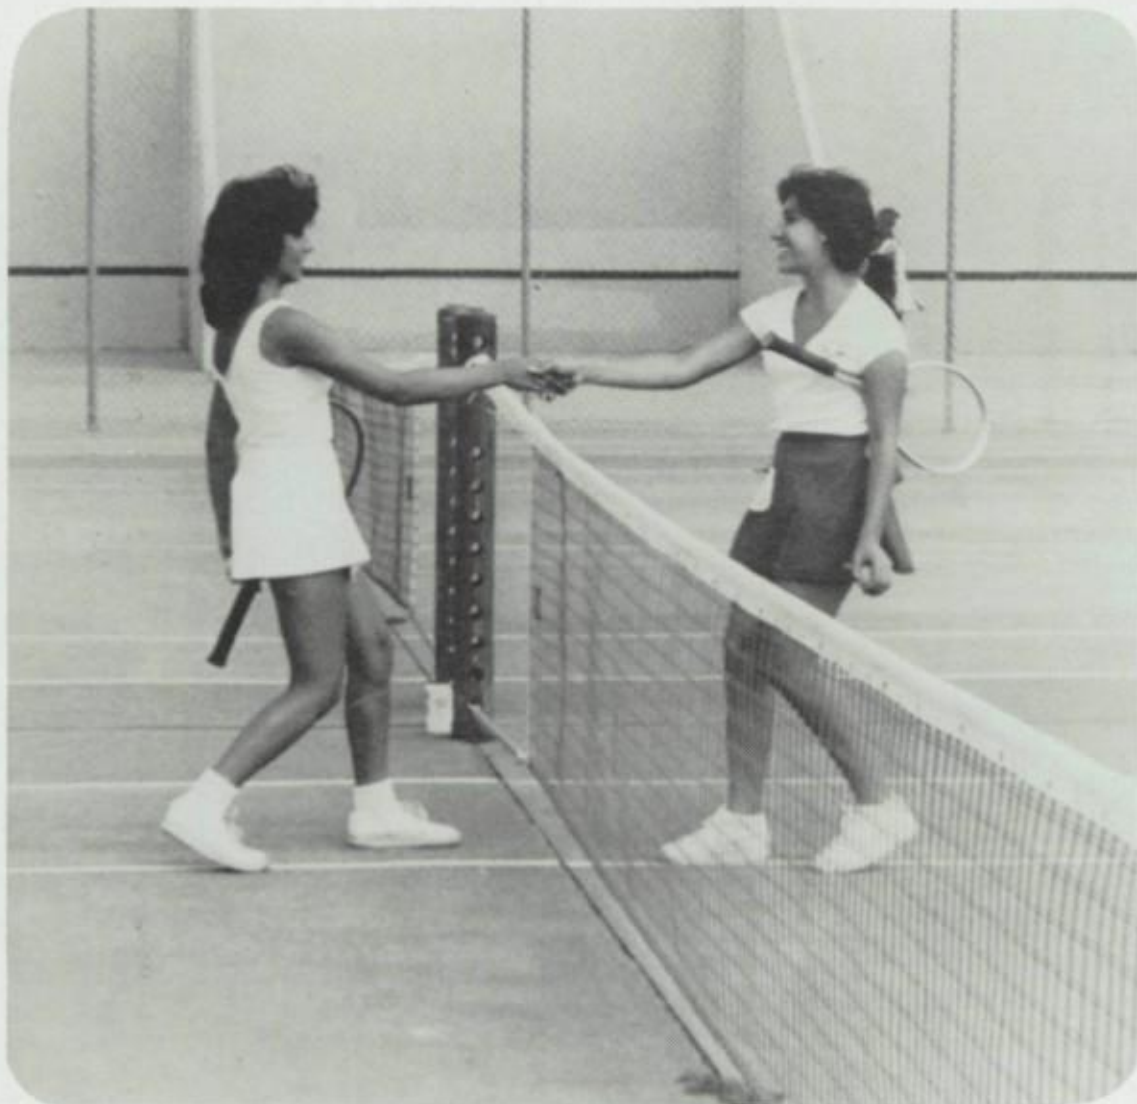

Under new coaching the girls tennis team had a successful season and placed high in the standings. Hard work and outstanding performances enabled the girls to take third place in League. They also advanced to C.I.F. Playoffs held at Palm Springs. Doing exceptionally well, the doubles team of Kelly Rankin and Julie Ferre went undefeated through the season and earned the rank of top doubles team.

Cross Country Moves Ahead

Under the new coaching of Fred Campa both boys and girls cross country teams finished high in the standings. The varsity boys team established their presence in C.B.L. by tying Redlands for first place, thus clinching their first title in the Citrus Belt League. Outstanding efforts from the girls earned them third place overall. Both teams qualified for C.I.F. prelims held at Mt. San Antonio College, because of stiff competition the teams advanced no further. Making all league C.B.L. first team were Ron Perez, Hew Smith and Ed Buenrostras.

Junior Kris Kumfer leads the pack at C.I.F. Prelims.

Strong Squad For 84

Colton experienced a rough season in Varsity basketball finishing 1-19. Although the season was a disappointment, there were some bright spots. Mark Lopez led the team in scoring and rebounding and was a strong team leader throughout the season. Colton played several strong games, most notably their victory over Bloomington H.S. Although the transition under coach Clarke was far from smooth, the Yellowjackets were able to field a strong freshman team and a respectable JV squad. With a lot of work from both teams and coaches, we should see Colton turning the corner in basketball in the coming years.

Girls Basketball Bounces Back

Despite a rough season and little recognition, members of the girl's basketball team have enjoyed themselves. Under the strict guidance of coach Jim Hayes, these girls added many new techniques, polished basic plays, and learned the meaning of teamwork and sportsmanship. Endless hours of practicing were put into drills and conditioning to improve their game and abilities. The team wound up their season with overall good feelings about their game and themselves.

League Champs Again

This is the tenth season in which the C.H.S. field hockey team has won their league and also competed in the C.I.F. playoffs. This triumphant season can only be attributed to practice, teamwork, and a drive to be the best at what they do. A winning team requires not only good players, but a coach who knows the game. Coach Allene Shore has what it takes, and she passes that knowledge and winning spirit on to the players to produce the best team around.

Soccer Team Kicks Ahead

The C.H.S. soccer team started their year with high hopes and goals. Though they were disappointed at the actual turnout, their spirit never let down. This shows in the many hours of practice they put in after school and on weekends. The team was coached by Dave Gomez, who devoted much of his time and his best effort to improving the teams abilities. Perhaps this years hard work will pay off next year.

Five Teams In C.I.F.

In 1981, four teams from our school entered C.I.F. playoffs. In 1982, four teams also entered, but this year Colton High School was honored by having five teams compete in the C.I.F. playoffs. Ending a triumphant season with many victories, the football, volleyball, and field hockey teams won their leagues and the right to compete in the playoffs. Though they did not win their leagues, the girl's tennis team and the cross country team joined the other three in the competition. Other athletes were able to represent their teams as individuals, as in girl's tennis.

For the second year in a row, the Varsity football team captured first place in the Citrus Belt League, with a 5-0 record and a 9-2 record overall. In the first round of C.I.F., the Yellowjackets defeated Milliken High School advancing them to the quarterfinals. The Yellowjackets, however, lost in the quarterfinals to Edison by one point with a score of 7-6. Even though they did not bring home a C.I.F. title, these players should take pride in knowing that they were one of the elite few who even made it that far into the competition.

Team With Heart

The swim team had a very successful season and placed high in the CBL. The swimmers had the experience of working with a new coach, Al Schwartz, who took over the job this year. "The team has a lot of heart," commented Schwartz, "and I'm very proud of them." At the end of the season, everyone, coaches included, was happy with the final results.

Right Combination Equal Good Team

Tennis requires quick reflexes, agility, a strong arm and good aim. Under the keen eyes of coach Tony Olivarria and coach Clark, imperfections are quickly spotted and corrected. It takes many things to make a good team, practice, dedication, a good coach. Colton has all of these things, which when combined make for a successful season.

Goals Reached By Hard Work

Track is a sport which requires endurance, top physical condition, and speed. The students who go out for Track are highly motivated by competition and the pride of winning. Under coach Robin Luken, the Track team has worked hard and achieved a high standing in CBL. Each year students set high goals for themselves and are able to reach these goals by means of the hard work and spirit that drives them on. This determination keeps them winning year after year.

As usual the 1983 Baseball finished another strong season. The team was coached by Walter "Spud" O'Neil to many league victories. Dedication is the main reason for their success according to coach O'Neil. All the members put in long hours of practice every-day and it looks as if the efforts have paid off well.

Shop Offers Variety Classes

Many shop classes are offered to students at Colton High School. The classes students may take are, wood shop, crafts, auto principals, machine shop, electronics, printing, apparals and accessories and drafting.

Individual students learn how to work and use various tools, which are needed to create and design their projects. Hard work and long hours are spent on their projects, these are good reason why they all take great pride in their finished products.

Art Club Is Service Club

A few dedicated Art Club members manage to show up for the group picture.

The Art Club, the winningest club on campus, is an organization which serves the school and community. The Art Club has been responsible for painting the murals on the school walls and has provided Christmas food baskets for needy families. This year the club has big plans. Advisor Mr. LaPlante plans to arrange a visit to the L.A. County Museum to view the many exciting exhibits offered. Working with the Department of Mental Health, Mr. LaPlante has been offered the privilege of painting a few murals on the walls of the department building.

Advisor Eugene LaPlante oversees the many projects of the club.

New: Computer Club

This is the first year that Colton High has had a computer club, but even so it has over 20 members. These students, all enrolled in Frank Miller's first period computer class, are trying to enhance their own knowledge about computer systems. Members will also be trying to get more students interested in computers and how to program them. Club officers are planning many fundraising activities in hopes of raising enough money to buy more computers.

Computer club officers: Richard Rodriguez-Vice President, Terry Heinsohn-Secretary, Tony Newhall- President, Jeff Lotspeich-equipment manager, Mike Sagomonian-Treasurer.

1982-83 Members: Bottom row-Richard Rodriguez, Lance Lask, David Farnum, Ana Garcia, Tom Ogden. Middle row-Terry Lopez, Rod McMillen, Rose Moreno, Paul Simpson, Phil Botello, Terry Findling, Greg Cagle, David Garcia, Jeff Lotspeich, David Martin, Alene Jorddan, Terry Heinsohn. Back row: Tony Newhall, Mike Sagomonian, Chris Velovich.

Assemblies Successful!

Through the school year students were presented with assemblies of many types, and all were most successful and fulfilling. From a speaker on racism and visual imprinting, John Goddard and his exciting river rampage, to a film on leadership and goals, these assemblies provided not only a good time, but a learning experience as well. Many thanks should go to the ASB and the many other people who made this years assemblies such a great success.

Multi Media Provides Excellent Service

One of the most necessary and useful places on campus is the Media Center. Every student at one time or another will find he needs to use the services offered here. Whether it is for researching a term paper, reading the latest news, using the computers, or just a quiet place to study, many a student is thankful to have such a well equipped media center.

Besides the excellent selection of books, magazines, and newspapers, the media center houses two of the newest computer systems for those interested in computer programming, as well as the latest in video taping equipment. Charles Graser, our librarian, demonstrating and teaching the use of the video camera. Once these students learned how to operate the camera, it was used to record many school activities, such as football games, and lunchtime activities. These were then shown to students in the media center at lunchtime.

The media center also has a new assistant librarian, welcome to Colton High School Mrs. Zermeno.

Something Special

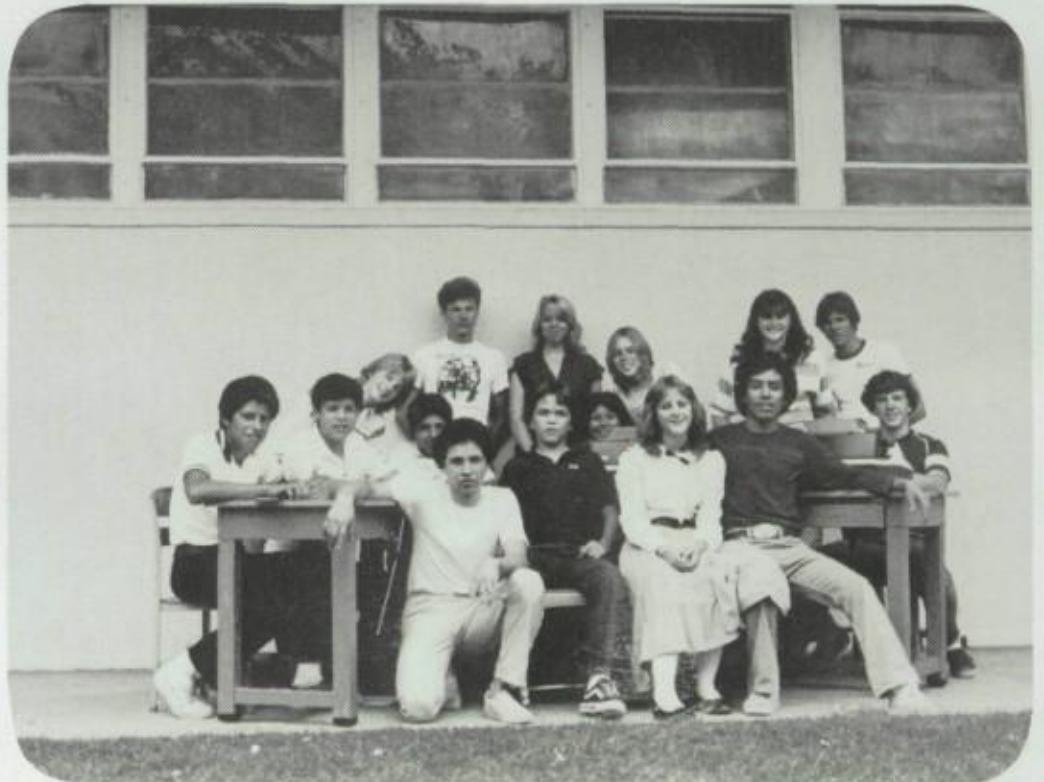

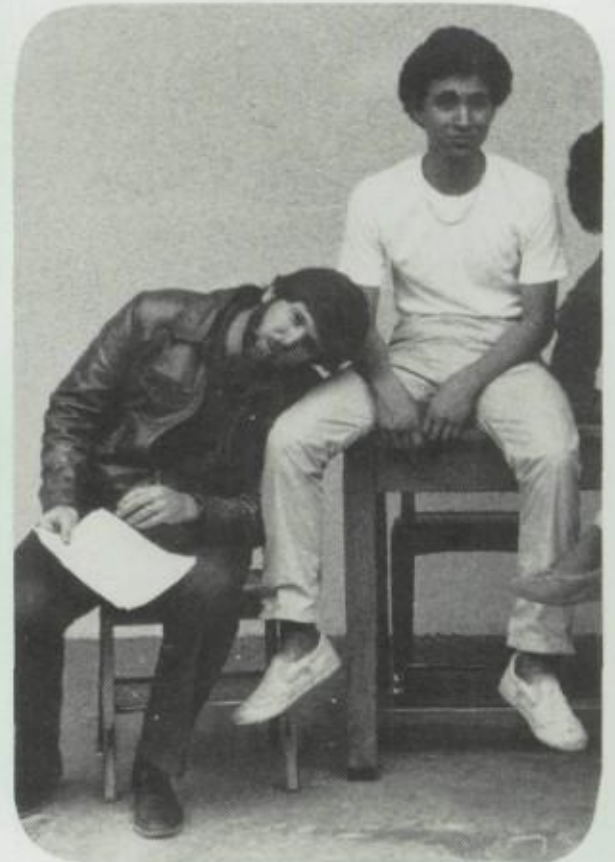

Even with the many ups and down it has had, the yearbook staff has always managed to produce a fine yearbook, and this year is no exception. Though new staffs are hard to train, everyone learned quickly that working hard, long hours after school and working together were the two main elements to meeting deadlines and getting out the best book possible. Co-editors Tony Gutierrez and Staci Kofmehl and Advisor Eugene LaPlante carefully supervise every page to insure that students get a yearbook they may look back upon throughout the rest of their lives and know that something special went into it.

Watergirls High Spirited

Most people think that all watergirls do is give water to thirsty players. Wrong. Watergirls must attend all practices, clean and put away uniforms, as well as set them out for the players. These high-spirited girls also serve as part time cheerleaders, giving the players encouragement as well as water.

We Love A.F.S.

AFS or American Field Service, is a group of interested students working together to learn about other states and countries around the world. Throughout the world each AFS club may vary in goals, but not in function. The main function that all members must fulfill is to assist exchange students in adjusting to a completely new environment. New language, new people, all these things can make one very uncomfortable, but with the help of AFS these, students find this experience a rewarding one. This year Colton High School has two exchange students, they are Fernando Louis Magrin from Brazil, and Tomo Yuki Taura from Japan.

New Director Inspires Stage Craft Classes

A lot of people who sign up for Stagecraft think it will be "easy credit", but once in the class they find that they were very wrong. This class requires a lot of work and a devotion to a job well done. This dedicated group of students produce all the beautiful sets used in the plays, musicals, and Supper Theatre. But Stagecraft is more than carpentry work, students learn electrical work, technical, sound, and lighting direction, costume design and make-up.

Responsible for holding this class together is Steve Mackey. Mr. Mackey is a new teacher at Colton High, and we are very fortunate to have such a talented man with us.

Key Club • Means Service!

Mr. Knerr donates blood . . .

Key Club, an international service organization sponsored by the Colton Kiwanas, has been very active this year. Among the many projects these people sponsor, the annual Blood Drives are the most important. The Blood Drives, however, are not the only lifesaving offered by the Key Club, for they also sponsor a CPR program with the Colton Fire Department and a canned food drive for the needy. The members helped out at the Frontiertown Rodeo, The Colton Christmas parade, and some of the band reviews as well. Led by Ken Pure, these students participate in a never ending campaign to help people.

Mecha, Great Student Participation!

A very well known club on campus, Mecha has always had a great amount of student participation. With the many people interested in this club, it is easy for them to obtain one of their main goals: a better understanding between the Mexican and Anglo students. Mexico and Spain played a great part in California's rich history, and MeCha helps increase the general awareness among everyone in the school and community. With the help of Mr. Trevino, their advisor, these students get involved in many projects; such as improving our school and city, and removing graffiti from walls. With everyone working to adjust to one another, MeCha helps these students their heritage, where they come from, and where they are headed.

"There So Great"

Honors Choral students are constantly practicing, and its no wonder there so great! Under the direction of Rick Solano, these talented students perform for various organizations throughout the city, enter competitions and provide our school with many musically oriented productions. These include Supper Theatre, musicals and the Variety Show. Honors Chora teaches not only the performance of good music, but the appreciation of the work that goes into every show. Constant practice keeps harmony in the group practices.

Walking Tall

Another fine unit that has brought pride to the Yellowjacket Marching Band has been the tall flag carriers. The flag carriers march and perform with the band at halftime and competition shows. The unit has won many tall flag awards in band competitions. Marching, thirling, and dancing the unit has added style, flare and showmanship to the overall performance of the band.

Pride In Performance

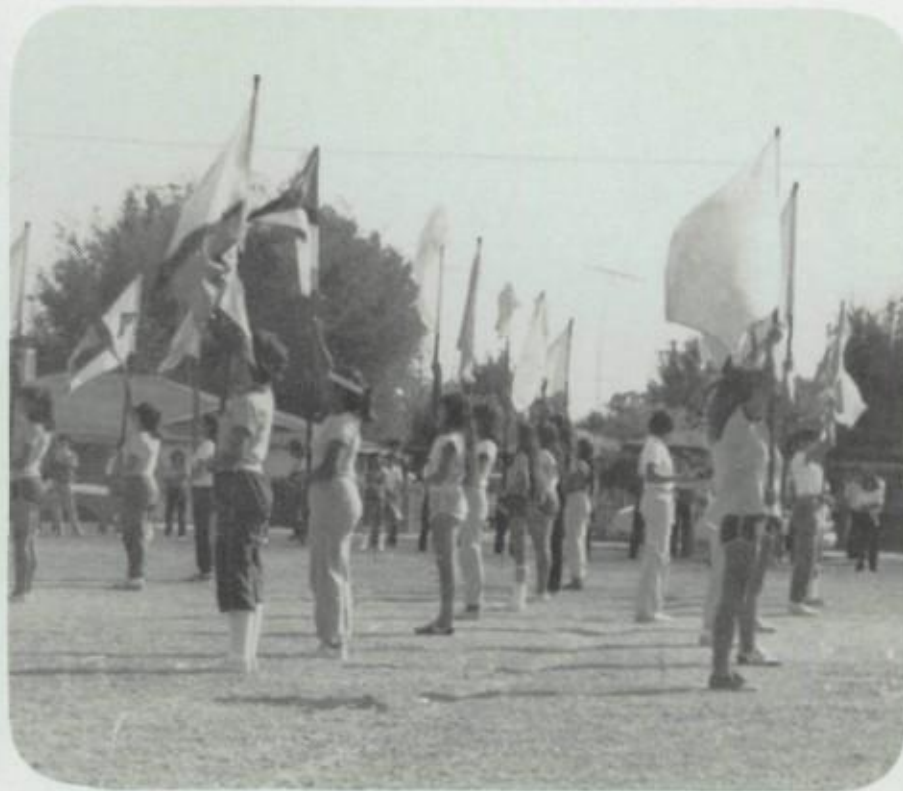

This year the Colton High School Marching Band has much to be happy about. As they look back on their marching season, these people can take pride in their performance, which earned them a total of 18 awards. Many long hours of practice helped them win their division at Chaffey Tournament, Chino Field Tournament, and Chaffey College Tournament Of Champions. They also took third place at Long Beach's All-Western Band Review, the biggest review in the state. As if the band isn't busy enough, they also participate in a number of parades, including the Mexican Independence Day Parade, the Colton Christmas Parade, and a parade at Disneyland. Under the direction of Larry Roberson and drum major Rodney Gomez, the band performs at football half-times, pep assemblies, and basketball games. Working hard and working together have made this band successful and kept it going strong.

Spirit And Enthusiasm

What brings spirit to football games, basketball games, and pep assemblies? What makes more noise and is just as much a part of the football games as the players? The cheerleaders, of course! Cheerleaders help promote school spirit and provide school events with enthusiasm and cheer. Advised by Judy Corwin, these girls help us let the players know that we are there cheering them on to another victory for Colton High School.

Quill & Scroll Has Prestige

Quill and Scroll is one of the most prestigious clubs at Colton High School. It honors students who have excelled in journalistic abilities as well as creative writing skills. Under the advisement of Patricia Ishida, this club has maintained high status through tough entrance requirements. Each member must have written 250 lines or more of printed copy, or shown unusually high talents in photography or art. Not only has Quill and Scroll been in existence for more than twenty-five years, but is nationally recognized as a charter member. This club brings each of its members the honor and recognition they have earned.

C.S.F., or California Scholarship Federation, is a club that recognizes superior academic standing and achievement. To become a member, one must file an application and have a semester grade point average of 3.5 or higher. Should anyone remain in the club for four semesters or more, he or she will then become a life member. Life members receive a pin and a certificate of achievement. Active seniors receive a gold emblem on their diploma and special recognition at graduation time.

"Your Voice Can Be Heard"

Do you have an idea that could improve our school? Do you want to see something changed? Talk to the ASB council. The Associated Student Body Council is responsible for representing students views and ideas and relaying them to the school board. Members can't always change something, but they try their best when it benefits the students and the school. ASB is also responsible for bringing spirit to our campus, and with the help of lunchtime activities and contests, and Homecoming competitions, they do a good job. Another project of the ASB is the annual Toys for Tots drive. With the help of the U.S. Marine Corp., students of Colton High School collected many toys to be given to needy children at Christmas time. Thanks to ASB, students can voice their opinions, better out school, and bring spirit to everyone.

Chamber Singers Bring Pride To CHS.

The Chambers Singers have brought pride to our school for many years, and this year is no exception. Under the direction of Rick Solono, these musically talented students perform magnificently at festivals, competitions, and shows. To be a member of the Chambers requires talent and a dedication to pleasing people. Many hours of practice are spent developing and refining their song and dance routines to insure perfection on stage. This perfection has made them superb.

Dedicated Staff

Putting out each edition of the *Pepper Bough* is not easy. The staff spends many long hours during and after school making sure that they meet their deadlines. Photographers are always on the move taking and developing pictures while other staff members write copy and design layouts. Mrs. Patricia Ishida, the advisor to these students, works with them constantly helping them improve their journalistic abilities. She, along with Co-editors Edie Scriven and Lisa Shultz, guide the staff to produce only the best piece of journalism possible, which is what makes the *Pepper Bough* such an excellent and highly regarded student newspaper.

'Little Girls With Big Plans'

Girls League is one of the busiest clubs on campus. Led by Kathy Strobel, the girls participate in bake sales, flower sales for Valentines Day and Halloween, and a variety of other activities. All this hard work leads to the highlight of their year, the Girls League Dance. Campus beautification is just one more way in which the club benefits the school as well as the community.

October 14 was "Little Girls for Girls League", in which all girls wishing to join the club were initiated by dressing up as little girls. The hard work, time, and care these girls put into this club has made it one of the most active and enduring clubs on campus.

THE BEST YEARS

CRIMSON and GOLD

Devoted, Dedicated Teachers

In praise of their service and dedication the 1982-83 Yearbook Staff has dedicated this years book to those retiring teachers who for many memorable years have devoted time, energy and knowledge with students and faculty here at Colton

High. Though they have earned their reward, all of us at Colton High will be sad to see them go. Since life begins after retirement, best wishes and happiness for the future go with them. A rough job well done!

Writing out receipts is Yearbook advisor Mr. LoPlante.

Mr. Miller explains the rules of the pyramid contest to the students.

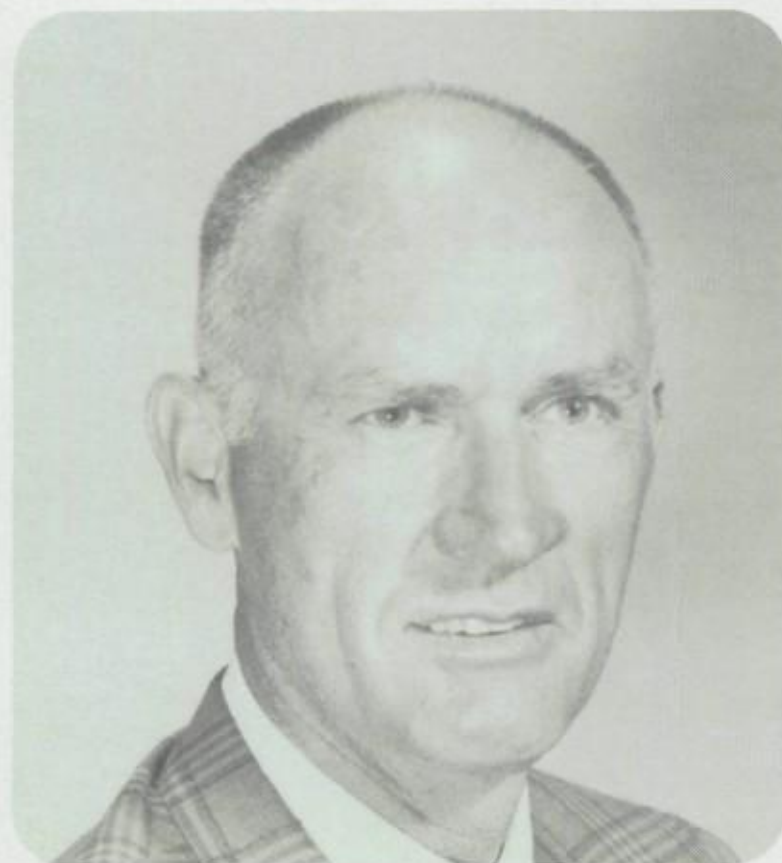

Instructing his class is Mr. Brown.

Mrs. Knerr and Ms. Courlier during a Girls League meeting.

Total 85 Years Of Dedication

Mr. Kenneth Allison was born in Omaha, Nebraska, "The land of the Cornhuskers." He graduated from Rushville High School and soon entered Chadron State College. He landed his first teaching job at Ericson High in 1955. After three short years there, he came to teach at Colton High. Mr. Allison says of his 25 years teaching here at Colton High that he has enjoyed working with the student body and members of the faculty. As for retirement, he states "My wife and I plan to travel cross country doing some sightseeing and all the things we haven't been able to do."

After 35 years of teaching and administrative work, Mr. Hank Balke will retire at the end of the 1983 school year. Born in Milo, Missouri, he attended grammar school in Kansas City. After graduating from Central High School, Balke attended college at Southwestern Winfeld in Kansas. His teaching career began in 1948 instructing at a state teachers college in Silver City, New Mexico. After a few short years there, he came to Colton in 1955 and has been here ever since. Mr. Balke has taught U.S. History, coached boy's Basketball, and was also Director of Activities. Going into his third and final year as Attendance Officer, Mr. Balke says the things he has enjoyed the most of his career is "working with good students and faculty members." As for retirement, he states "someday in the near future I hope to move out to Oregon to live with my daughter."

Going into his 26th year of teaching, Mr. Thomas Crowshaw will make this year his last at Colton High. Born in a little town in Massachusetts, Mr. Crowshaw was raised mostly in New York where he attended school. In 1940 he entered the Army where he remained for the next five years. After his discharge in 1945, he decided to pursue his teaching career. California seemed to be the best place so he crossed the country and began teaching Geography and English at Colton High School. He has been here ever since. During his retirement, Mr. Crowshaw plans to "visit relatives and take it easy."

Six Retirees = 170 Years Of Service!

Mr. Chuck Faren was born in Martins Ferry, Ohio. The Faren family moved to Torrance, California where he attended High School. Mr. Faren began his teaching career in 1953 instructing at Alice Berney Elementary School, followed by eight years at Colton Junior High School, eight years at Bloomington High School and finally twelve years here at Colton High School. When asked the height of his teaching career, Faren replied, "Being asked to teach here at Colton High." Mr. Faren and his wife plan to do some traveling. First with a trip to Hawaii with the football team, then later they would like to travel to Europe to visit friends. All of us here at Colton High wish Mr. Faren a very successful retirement.

After 28 years of teaching Industrial Arts here at Colton High, Mr. Paul Hopson has now decided to close up his tool box. Born in Hemet, California, Hopson graduated from San Bernardino High School. His teaching career began in 1955 instructing an Adult Educational Program in San Bernardino. He came here to Colton soon after, where he has remained teaching Auto Principles. Mr. Hopson plans a very plain and simple retirement. He says "I'd like to get up in the morning with nothing to do and go to sleep with only half of it done." A job well done.

Born in a small suburb in Phillipsberg, Missouri, Mrs. Bernice Sprague later moved to Bell, California where she attended Bell High School. After graduation, she went on to college at U.C.L.A. and began teaching in 1946. After just three short years of teaching, she decided to take a ten year lay off to raise her two daughters. Resuming her teaching career, she relocated herself at Colton High School and has been here ever since. Mrs. Sprague has many plans for retirement, some of which include spending time with her grandchildren, gardening, and visiting relatives in Canada. She also plans to be consistent with her exercise program. Those of us here at Colton High School would like to thank Mrs. Sprague for all the years of dedication and guidance she has shared with us.

Academics

Special Ed Lends A Hand

A Variety of new special education classes are offered here at Colton High. Colton has a bilingual education course which is offered to students who speak little or no English to help them get through school. Also offered to students are remedial courses which incorporate new forms of education such as computers and audio-visual techniques.

Mrs. Dewitt gives instructions to a special education student.

Gaspar Diaz lends a hand with the handicapped students at the FFA petting zoo at Alice Birney.

Students work hard in special education classes.

Jennifer Babinski

Though she was not involved in many school activities, Jenny Babinski managed to maintain a high grade point average which kept her on the Principals Honor Roll for four years. Throughout her four years at Colton High, Jenny has been mostly interested in math and drafting courses. Though she hasn't fully made up her mind as to a major in college, she would like to go to the University of Southern California Riverside to pursue a career in either Engineering or some sort of a medical profession. Jenny's studies have kept her busy, but she still managed to play Field Hockey for two years and also lettered in the sport. When she does manage to find some spare time, Jenny enjoys working on her Calligraphy.

Co-Valedictorians

Sheila Smith

Sheila Smith, Co-Valedictorian, not only managed to maintain a high grade point average, but between studies found time for many other activities.

Sheila's dedication to learning has kept her on the principals Honor Roll for four years and in C.S.F. for three. She was also the 1982 C.S.F. president and has a perfect citizenship record.

Throughout her four years, Sheila's main interest has been Band. She was the 1982-83 Band Secretary and the French Horn Section Leader. Her leadership in the Performing Arts has earned her a place in many special activities, some of which include the Rose Parade, the San Bernardino Honor Band and the San Bernardino Honor Orchestra of 1982. She was also a Junior Honor Guard.

Sheila plans to attend the University of Southern California where she is going to pursue a career in Mechanical Engineering. She will also be a member of the U.S.C. Marching Band.

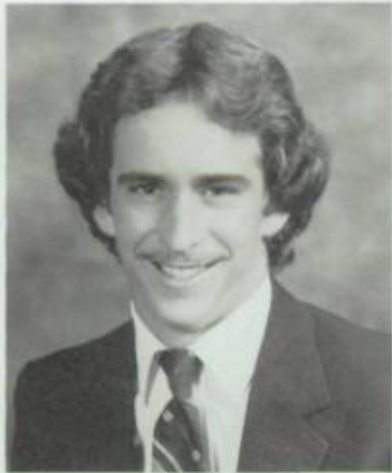

Mela Montagnese

Salutatorian

The 1983 Salutatorian, Mela Montagnese, has kept very busy with many activities during her four years here. Besides constant studying to keep her grades up, Mela has been involved in many Band activities. She marched in the 1980 Rose Parade, went to England with the Band, and was also a Junior Honor Guard. Mela's grades and dedication to learning has kept her on the Principals Honor Roll for four years.

Under the supervision and guidance of Mr. Harnoise, students are taught and trained to participate and become part of the highly technological business field. Students are trained in bookkeeping and accounting skills. The campus student store provides an atmosphere of on the job training for many of the students.

Students check over their inventory list to make sure that everything is in order.

Students are taught how to keep the Accounting records.

Mr. Harnoise gives instructions to his class.

Students discuss their class work and how to improve it.

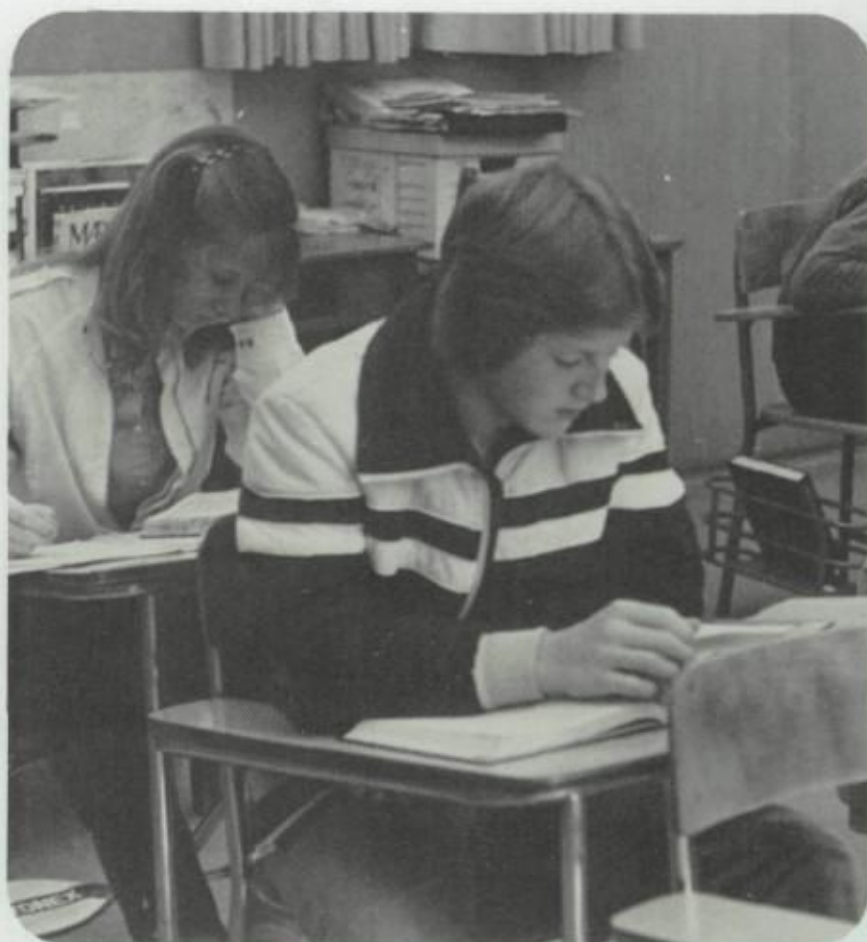

Students work diligently on the class assignments.

Intent on learning students work continuously on their class work.

Colton High offers a variety of English classes for a diversified group of students, from reading lab, speedreading, and College Study Skills. English courses are the most important classes for all college prep students. Grammar is a big advantage when taking the English competency exams.

Students start their assignments as their teacher instructs them.

Junior Sandy Torres listens to instructions.

Super Community Service

The 1983 Art Club has accomplished a great deal. The Art club is a service organization that serves both the school and community. As a result of many hours donated by dedicated members, the County Mental Health Ward has new murals to add some beauty to the waiting room.

Art students take a break and pose for a picture with the teacher.

Senior Staci Kofmehl shows her talent as she works on a mural.

Art teacher Mr. La Plante puts his final touches on a mural.

Men Of Science!

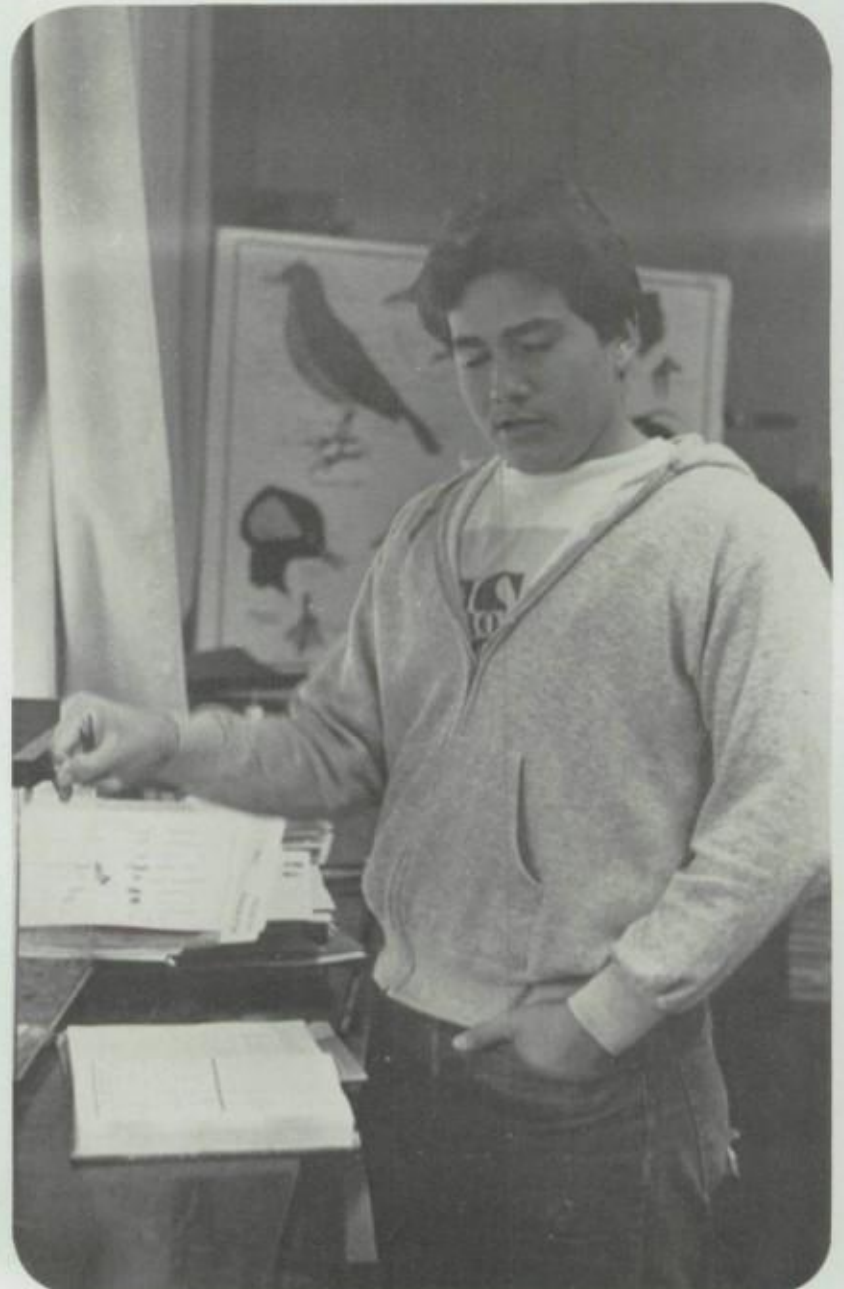

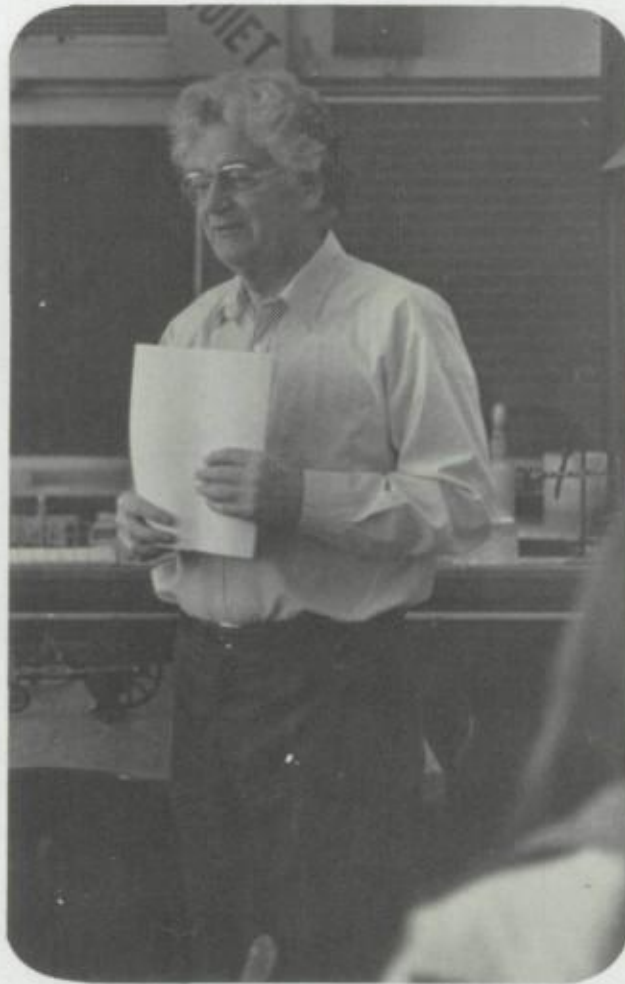

The Science Department at Colton is one of the finest around. It might not be the largest, infact, it may be the smallest but still offers a variety of subjects to the students. Science classes range from General Science, Chemistry, Biology, Physics to Anatomy. Because of a few dedicated the students at Colton are guaranteed a quality education.

Mr. Black gives a few words of warning before a test.

Discussing dissection procedures is Mr. Trevino.

Instructing his class is Mr. Coulsen.

With eyes closed, Manuel De-Anda reaches for a surprise.

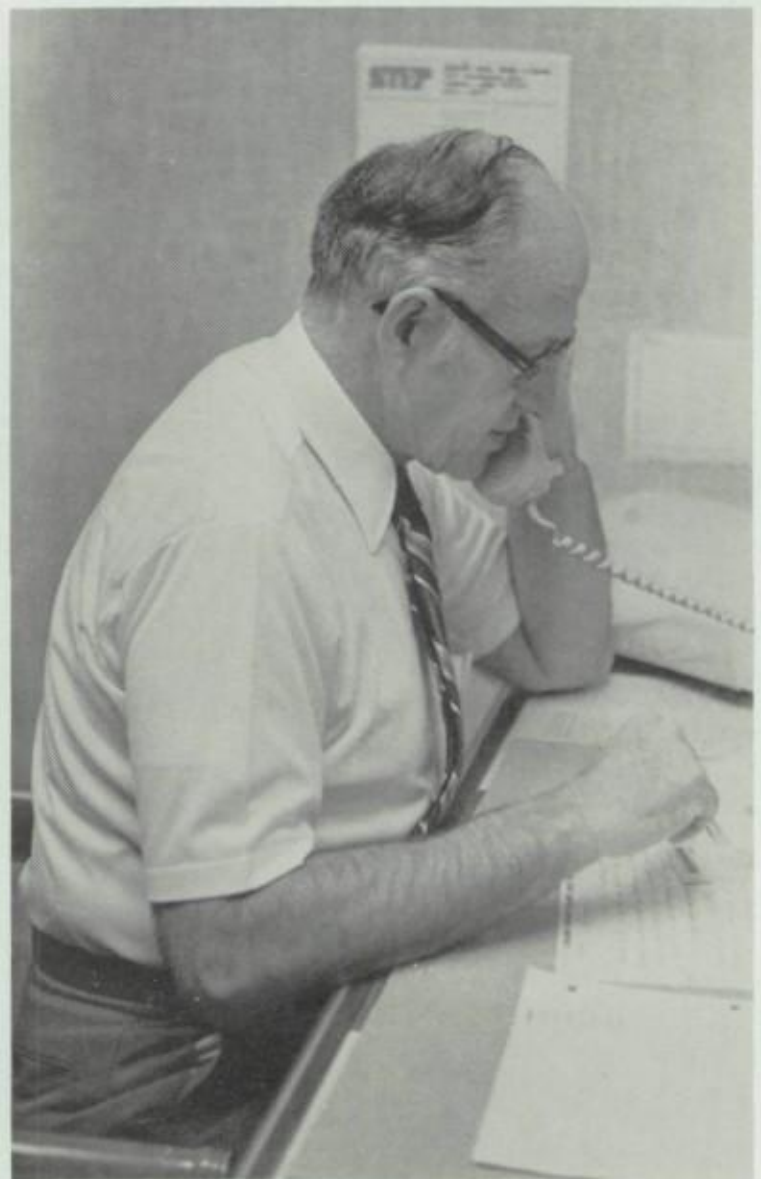

Enlightened Future

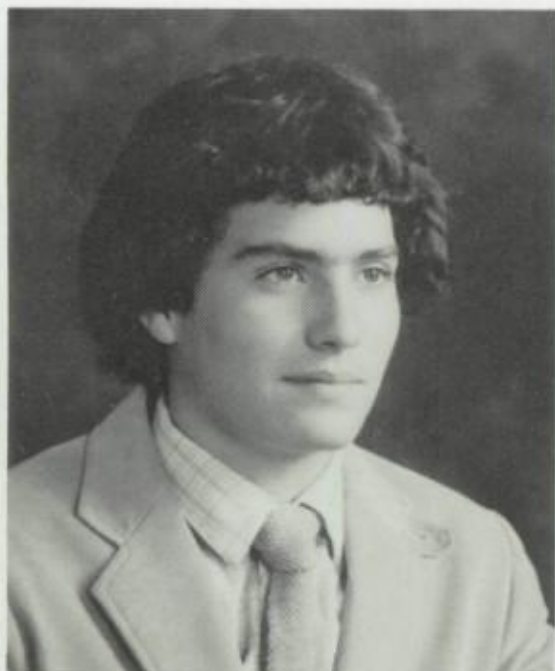

Selecting, seeking, and pursuing a career can be a difficult thing. Fortunately Colton High School is provided with a Career Guidance Center, which stores an enormous amount of information regarding many job opportunities available to all high school students. The Career Guidance Center can also assist one in choosing a college that best suits the needs and financial abilities of a variety of students. The center continually updates their information, special training programs, and developing career possibilities, thus providing for all students the much needed information for their future careers.

Barbara Woodstrom, the Career Guidance Center R.O.P. Representative, carefully studies her work.

A Colton student uses the Center's computer to find information on jobs and colleges.

Career Guidance Center director, Mr. William Ashmore, talks on the phone to a possible employer.

Steve Babbitt, a member of the Senior class.

Water Girl's and Football players give their attention to their speakers.

Mrs. Abbott gives a speech during the pep assembly.

Five Irishmen found on campus along with one Mexican wearing an Irish sweater.

The students enjoy watching the cheerleaders perform.

Students enjoy their lunch during lunchtime.

Students show their excitement during the Powder Puff football game.

Wendy Keim,

6-12-83

Here it is, the end of the year already. So much has happened and so much to look forward to. It was only 2 1/2 months ago you asked me out. and it will be 3 months were to be apart. So much has happened in such a short amount of time. I have learned so much from you. In the time we've been together

I feel you helped me grow up a little. Growing up that I needed badly. We have had many good times. I have learned alot about you and your

ways and I hope to learn alot more. Out of all the good times we have had regrettably we have also had some bad times. All of our little and big arguments have helped make our relationship stronger. We have learned each others faults and have learned how to deal with them. We

have learned each others fears (mine alot more than yours) and how to get around them. I hope through all we've been through that you have also learned and grown. I think we have something good and I want it to last. I hope you do to. You have been a great

influence on my life. I know you do much. No guy could ever take your place. You will always have a special place in my heart. And I'll never forget you. I am not looking forward to this summer. I will miss you so much. I don't know what will happen to us. I

hope we stay together. I know it will be a long time we will be apart and I hope you are willing to wait. I realize that is alot

to ask from you but I have to share your promise. I don't want to wait around all summer for someone who's not going to be mine when I return. I love you Wendy. A whole lot. I need your love to make me feel whole. Without you I have nothing and it isn't even worth it to live. I'll always be there when you need me. Please always remember that.

Forever,
Wendy

To a very good-looking guy that I have know for
a long time but you probably didn't even know I existed
in the world but I knew that you did. I have been
keeping a very close eye on you! Maybe this summer
we could call one another and talk and stuff!!
I will miss seeing you at school But maybe just may-
be I will see you this summer around Grand Terrace
and other places!! I remember one time I was up
at the J.R. High and I was trying out for cheerleader and
you were making fun of us! Then you turned around and
called me a Bitch!! I couldn't understand it!! I
thought you didn't even know me!! I just found out
that you are good friends with my cousin (Bret)!!
maybe we will see each other there sometime and we
could have a party!! I wasn't very close to Mike
or you but I think Mike knows who I am!! Probably
not though!! You and I know each other better than
me and Mike do!! I'm glad for that because I think
you are better looking than he is!! But I think he
is good looking to. Keep in touch if you want to
825-6072! Stay cool But sweet (just the way you are)!!
Stay ^{out} of trouble but have fun with the chicks
(Judy)!! See ya in the summer I hope!

P.S.

Real sweet person.
Sorry we didn't get to
know each other better,
but you & Judy look
perfect together. Hope
you have a great
summer & try to
stay out of trouble.

Maybe all of us can get
